

PROGRAMME

Integration of road safety data/analyses into the ongoing development of the theoretical test

Venue: Headquarters of TUEV Rheinland Akademie, Am Grauen Stein 27, 51105 Cologne

Meeting Rooms: Rheinland A and B

Chairs of workshop: Lars Roessger & Jan Schepmann (TAG members)

DAY 1: 10 APRIL 2018		
13:00	Welcoming words and introduction	TAG Chairman and Chairs of the workshop
13:10	<i>ACTIVITY 1: Setting the background: use of questions prepared by Lars in Concept doc</i>	Working groups
13:50	<i>Conclusions of working groups</i>	Chairs of working groups (TAG members)
14:10	COFFEE BREAK	
14:30	<i>Presentation (project, expand on conclusions, possibilities of working with data)</i>	Prof. Lars Hannawald, University of Applied Science Dresden
15:00	<i>Plenary discussion</i>	All participants
15:30	Live Survey: Questions on opinions about benefits of RS Data for task development	All participants
16:00	COFFEE BREAK	
16:15	Presentation of results from Live Survey	All participants
16:30	Focus group discussion	All participants
16:50	Presentation of results from focus group discussion	Chair of workshop, and moderator of discussion groups
17:00	Q&A / Plenary discussion	All participants
17:30	End of day 1	
DAY 2: 11 APRIL 2018		
9:00	Warming up: Summary of Day 1	TAG Chairman and Chair of the workshop
9:05	<i>Analyses of Road Safety Data and task development; examples of tasks</i>	Kay Schulte, DVR
9:30	Q&A / Plenary discussion	All participants
9:40	<i>ACTIVITY 2: Task development (Item Writing exercise) from RS Data</i>	All participants
10:30	Coffee break	
11:00	<i>Presentation of items developed / Q & A</i>	All participants
11:30	<i>ACTIVITY 3: How to set up a quality process for the selection of data and how it feeds into the work of test development</i>	Working groups
12:00	Conclusions of working groups	Chairs of the working groups, and all participants
12:15	Final words	TAG Chairman
12:30	End of the workshop and LUNCH
